- Publication
- Examples on how used
- Methods
- Training
- Guidance
- Network

- **Raise awareness** - Make it needed and wanted
- **IEF** – develop and publish gas Jodi data (even if Beta version) - seek users views/inputs
- **Organisations** – promote participation, but also promote use
- **Countries** – participate, discuss methods, be open re methods and use
- **Industry** – cooperate with countries collecting data, use and help improve
- **All to understand and promote data quality issues** – timely vs. most accurate

- Engage with users (what do they want)
 - This conference
 - IEF and organisations websites, Newsletters, etc
- Promote country engagement
- Develop Beta website - Promote user feedback
- Work in progress – not complete (any of it) but create demand – users drive
- Work to develop training and guidance
