Timing and Flow of Planned Presentations and Discussions

19:30-19:50 **Welcome Address and Report on JODI Activities since the IEF13**
International Energy Forum

19:50-21:00 **Roundtable discussion**

(An informal discussion among the Heads of the JODI Partners including but not limited to the topics below)

I. An Assessment of the Current Situation

- A. Are the JODI Partners meeting the original objectives of advancing the goal of greater energy data transparency? What additional actions and goals might we contemplate?
- B. Participation assessment levels have remained in the same range in recent years. What more might be done to achieve a breakthrough? How might we strengthen enthusiasm and participation among national administrations, ensure the provision of adequate resources and address confidentiality concerns?
- C. Is there a need to define the roles and responsibilities of the JODI actors?

II. Feedback from Users & Leaders

- A. More than ten years after launching JODI, how have user expectations changed, and how best to respond to them?
- B. Is the JODI World Database widely-recognised by our target audience? What ideas might help to improve visibility and availability of the Initiative and the database?
- C. How best to leverage support for JODI and energy data transparency from Leaders and other international bodies, such as the G20? Is there a need to better manage expectations for enhanced energy data transparency efforts in light of the resource constraints that JODI faces?

III. Defining Our Top Priorities through 2016

- A. Improving participation: Completeness, Timeliness and Sustainability.
- B. Working together to ensure greater visibility for JODI and energy data transparency.
- C. Continuous and enhanced capacity-building with Member Countries, using new tools and through engagement with new market actors.
- D. Balancing a further expansion of JODI versus consolidating progress to date.

21:00-21:15 Briefing on the 16 May 2014 Special Plenary Session: The Public Launch of JODI-Gas World Database

- Preview of the JODI-Gas Film
- Review “Session Protocol” of this special session and role of Partners.
